

NICKA JANE BACSA

San Pascual, Batangas, Philippines | 0991-457-1408 | nickajanebacsa@gmail.com | linkedin.com/in/nicka-jane-bacsa-ba464039a

PROFESSIONAL SUMMARY

Information Systems graduate with hands-on experience in business analysis, project coordination, stakeholder management, and process improvement. Skilled in requirements gathering, data validation, workflow analysis, project documentation, and reporting. Proficient in Microsoft Excel, Office 365, and business process improvement methodologies. Proven track record delivering award-winning academic and organizational projects on time and within scope.

TECHNICAL SKILLS

Business Analysis: Requirements Gathering, Process Mapping, Workflow Modeling, User Stories, Functional Documentation, UAT Support, Business Process Modeling, SDLC, Agile Methodology, Systems Analysis.

Project Management: Project Tracking, Status Reporting, Risk Management, Stakeholder Coordination.

Data & Reporting: Data Validation, Data Analysis, Trend Analysis, Pivot Tables, VLOOKUP.

Tools & Platforms: Microsoft Excel, PowerPoint, Teams, SharePoint, Airtable, Trello, Lucidchart, Figma, MySQL, RapidMiner, ArchiMate, Altair RapidMiner, Trello.

PROFESSIONAL EXPERIENCE

Project Lead Intern | Information Technology Center (ITC), University of Batangas | Jan 2026 – Apr 2026

- Coordinated end-to-end project management activities across three concurrent workstreams by tracking deliverables, dependencies, risks, and timelines, resulting in 100% milestone completion and on-time delivery performance.
- Managed and validated multi-source project data from four stakeholder groups using structured data collection and verification techniques, improving data accuracy, reporting integrity, and decision-making support.
- Developed and maintained project governance documentation including status reports, workflow diagrams, RAID logs, and progress dashboards, increasing project transparency, stakeholder alignment, and reporting efficiency.
- Facilitated cross-functional collaboration between multiple departments by resolving operational bottlenecks and optimizing workflows, resulting in improved process consistency and operational efficiency.

RELEVANT PROJECTS

UB PRIMS – Purchasing Request Integrated Management System | Capstone Project | 2025–2026

- Led requirements engineering activities by conducting structured interviews and workshops with 10+ stakeholders, translating business needs into functional requirements, system requirements, and user requirements documentation.
- Performed business process analysis (BPA) on five end-to-end procurement workflows, identifying inefficiencies, redundancies, and bottlenecks, and recommending process optimization and workflow improvements.
- Designed system documentation artifacts including user stories, use cases, process models (BPMN-style workflows), and functional specifications to support systems analysis and system design lifecycle (SDLC).
- Executed User Acceptance Testing (UAT) covering 30+ requirements by validating system functionality, test cases, and expected outputs, ensuring defect identification, resolution, and pre-deployment quality assurance.

MediCrypt: Blockchain-Based Medical Records Management System | Research Project | 2024–2025

Best Paper Awardee

- Conducted systems and data security analysis on healthcare information management challenges, identifying risks in data integrity, confidentiality, and access control mechanisms.
- Developed technical documentation and system workflow models supporting a five-member development team throughout the research lifecycle, ensuring consistent system design alignment and structured project execution.

EDUCATION

Bachelor of Science in Information Systems – Cum Laude

University of Batangas | Graduated June 2026

Awards: Outstanding Student Awardee (2026) | Dean’s Lister (2022–2026) | Philippine Startup Challenge 9 Top 15 Qualifier (2024)

CERTIFICATIONS

- AWS Certified AI Practitioner - Amazon Web Services Training and Certification
- AWS Academy Cloud Foundations - Amazon Web Services Training and Certification
- Lean Six Sigma White Belt - The Council for Six Sigma Certification
- IBM Cloud Essentials - IBM
- Cisco Cybersecurity Essentials - Cisco
